PROFILE

Motivated and passionate game designer, eager to expand my skillset through a fulfilling and challenging position as a game designer. Skilled in C/C# with experience in C++ and a strong background in the Unity game engine.

WORK EXPERIENCE

Cargo Community Network

Jan 2024 – Mar 2024

UI/UX Designer

- Worked with the R&D team to design and develop an air-cargo dashboard application.
- Proposed and designed a UI framework for the air-cargo dashboard on Figma.
- Prototyped a functional mock-up application of the dashboard, including server data integration on Bubble.io.

iMMERSiVELY

Aug 2021 – Sep 2021

Solo Developer

- Freelance solo project to create a VR wedding proposal on the Oculus platform with Unity 3D.
- Worked closely with the client to understand their wants and needs for the application.
- Designed, pitched and implemented game interactions and level objectives.

PROJECTS

Slime Adventures

Jun 2025 – Jul 2025

(2D Shoot 'Em Up, Unity Engine, team of 4)

- Worked on the Game Design, UI and Menus.
- Worked on the dynamic data systems and serialization.

Toxic Tide

Jan 2025 – Mar 2025

(2D Endless Runner, Unity Engine, team of 5)

- Worked on the grappling hook system, camera behavior, audio implementation and data management/serialization.
- Took on the Product Manager role, delegated tasks, managed deadlines and ensured feasibility of planned features and timeline.
